All members of Ultima Thule Lodge No 1 L.O. G. T., are earnestly requested to be present on sunset, Saturday evening the 20th of November, at 7 o'clock when business matters of importance will be laid before them by the Trustees.

TORCHLIGHT PROCESSION.-The three volunteer military companies turned out on Monday evening with torches, and paraded through the streets, beaded by the band. On visiting the Palace, several hearty cheers were given for His Majesty.

The Mikado made a good run from Sydneythis port-twenty days, -the same time as that of the City of Melbourne, on her last trip up. There being but little freight she remained in port only eight hours, leaving in the evening. She had less than the usual number of passengers.

Several of the ships lying at the wharves vere thrown open to the public, among which should be mentioned the Gatherer and Syren. The band was stationed on the latter vessel; while the Gatheter was fitted with a comfortable awning and other convenience for ladies. The King was on board this ship part of the afternoon, and captain Thompson he entertained Him and his other guests, closing off with a generous tunch in the cabin.

-About 10 o'clock in the evening a serious row took place in King street, which, as near as we can learn, arose from an attempt of some of the disharged crew of the ship Gatherer to punish one of the officers of that ship. The result was that five or six of them were arrested and will have a hearing before Judge Jones.

> Tin Wapping. -The tin wedding anniversary of the Rev John Bridger and wife, of Walluku, was celebrated on the evening of the 29th nit., by a large number of the people of Wallaku, old and young, who, armed with tip utensils of many varieties, in vaded the residence of that worthy gentleman, taking him and family, completely by surprise. They surrendered at discretion, and a very pleasant even ing was cajoyed by all. Mr. Bridger seemed much gratified at meeting so carriest a manifestation of his people. While they were equally gratified in contributing towards the comment of a man held in universal respect.—P. C. Advertiser.

Good TEMPLARS BALL .- Among the noteworthy demonstrations in honor of our Sovereign was the Good Templara Ball, given at their ball in King street on Monday evening. There was a large assemblage of ladies and gentlemen, mostly connected with the order. The hall was well decorated with flags and evergreens, and at one end of it have the ortrait of Ris Majosty, enwreathed with maile, He had promised to be present, but was accidentally prevented. The supper table was spread in an adjoining room, and presented an attracting appearance. Altogether it was a very pleasant and well-conducted entertainment, and the managers especially deserve credit for the arrangements which were so successfully carried out and resulted in so much enjoyment to the large company perent.

> SEVERE ACCIDENT. -By an arrival last week from Kons, Hawali, a verbal report was brought that John D. Paris, Jr. had met a very serious accident which it is feared it may prove fatal. He was on horseback chasing cattle on the Johnson estate, when both horse and rider fell into one of the hidden caves which are so numerous on Hawali, the mouth of which was concealed with overgrowing shrubberry and ferns. The cave was 25 feet in depth, with sharp lava stones at the bottom, on which the norse was instantly killed by the fall. Mr. Paris had one arm broken in two places, and was so severely stunned and injured in the head, that he remained insensible during the night. In the morning, the residents turned out en masse to search for him, and after several hours he was search for him, and after serveral fours he was found as above stated, in a helpless and unconcious condition, hoisted out of the cave with ropes, and taken home, where Dr. Oliver dressed his wounds. At the latest advices, his condition remained very critical, the extent of the injuries to his head and spine not having been fully ascertained; but as he has good medical attendance be will probably re-

> FOREIGN GOODS AT THE PHILADELPHIA EXPOST TION .- "In connection with the Philadelphia Exhibition," the European Mail, states that the "questions as regards duty on contributed goods from foreign countries, and also relative to the same being liable to seizure for possible debts of the Cennial Commission, have been definitely settled. The secretary of the Treasury has decided that New York, Boston, Portland, Burilgton, Suspension bridge, Detroit, Port Huron, Chicago, Baltimore, Philadelphia, Norfolk, New Orleans, and San Francisco constitute ports of entry at which goods intended for the Existilion will be admitted free of duty. All articles properly marked will be forwarded without examination from the port of arrival to Philadelphia, there to be delivered to the collector Philadelphia, there to be derivered to the collector of that port. Articles entered at the Exhibition may at any time be withdrawn for sale on juyment of the duties. The Attorney General of the United States and the Attorney General of Pennsylvania, have both given the opinion that goods deposited and placed on exhibition are from seizure, and are not liable for the debts of the person or corporation thus receiving them.

Our renders will remember that three celebrated popular favoritus passed the port a few months ago, bound from Sau Francisco to Australia -Madames de Murska, Ristori, and Janauschek. #### His Majesty's Birthday

Yesterday the 16th was as lovely a day as one could wish for, as a birthday anniversary -though very calm and consequently hot. At 6 A. M. a royal salute was fired from Punchbowl Battery, which was repeated at noon and

From 11 till 12 o'clock was taken up with the reception of citizens, and many availed themselves of the opportunity to pay their respects to the King.

Previous to the reception of the diplomatic corps, a very presty Hawaiian flag, the handiwork of the ladies, was presented to the Prince's Own Volunteers, by the Princess Lydia Dominis, with the following remarks, made by H. R. H. Prince Leleichoku,

"OFFICERS OF THE "PRINCE'S OWN:"-This bea "OFFICERS OF THE "PRINCE'S OWN:"—This besutiful banner, the flag of our country, has been placed in any hand to present to you as a standard for

be disturbed—if war should assail our government,
and the "Prince's Own." be called upon to stand
for the King and the law, may this fig inspire you
with true courage and a determination never to surreader it to an enemy."

The colors were received on behalf of the company by Adjutant Jno. E. Bush.

The afternoon was devoted to aquatic sports and boating on the harbor, for which ample preparations had been made by the citizens' committee, the only thing lacking being a fresh breeze, which they could hardly be responsible for. The shipping in port was beautifully decorated, -some of the vessels being literally covered with flags. The esplanade, wharves and shipping were crowded with spectators to witness the various races, but the hot sun and bright glare on tha water, rendered it uncomfortable to those who undertook to "to see it through."

The band will play on Thursday evening on Emma Square, by order of the King. These evening concerts appear to be very popular.

No sign of the Mail steamer up to the hour of going to press. It is possible that the report brought from Sydney may be correct-that her day of leaving San Francisco had been changed to the 10th, under orders from London. In this case she will be due here Thursday.
